About This Game

Hi everyone,

AstronjumpBaby is a simple platform jump game,
The Layout is infinite, no endless, and you can't pause.
The goal of the game is to get more score as possible as you can.
Come on, challenge your patience and reaction.
Let's see who will in to the top of leaderboard !

How to get score: Jump Trampled the platform Rise high

- 1.Jump: every jump +10
- 2.Trampled the platform: (Wood - 2 jump step, +30)
(Stone - 3 jump step, +60)
(Steel - 4 jump step, +100)
3. Rise high: up out of window, continuous points

Looks simple, but it's difficult if you want get high score.
You should "short-jet" to make "small-jump", trampled the platforms faster, and never stop count your step, and watch your foothold to get high place.
Sometimes you can't use these two ways to get score at the same time. It depends on your reaction and choice at moment.
